

THE DALAI LAMA

MESSAGE

I applaud Stimmvolk.ch—Voice of the People—for pursuing a vision that encourages responsibility, personal growth and inner peace. I am glad that its aim is creating a compassionate, non-violent community, which is the basis for a sustainable society and a peaceful future. I appreciate your working to fulfill this noble goal using singing as a language common to all human beings. I wish your organization every success.

With my Prayers,
